

Netcoins (USA) Inc. carries insurance that protects a portion of digital assets held across our storage systems against losses from theft, including cybersecurity breaches. However, our policy does not cover any losses resulting from unauthorized access to your personal Netcoins account due to a breach or loss of your credentials. It is your responsibility to use a strong password and maintain control of all login credentials you use to access Netcoins. Cryptocurrency is not legal tender and is not backed by the government. Cryptocurrency is not insured by or subject to the protections of the Federal Deposit Insurance Corporation ("FDIC").
